**Tree Injection Symposium**  
**Tuesday, September 22, 2020 (12:00 p.m. – 4:00 p.m.)**  
**CEUs: 4-MDA (Core, 3B or 6), 4-ISA Requested**

This symposium will aid all green industry professionals who care for trees, including those interested in implementing tree injections into their maintenance programs or those who currently offer injection and want to maximize their results and minimize tree injuries.

Gary Eichen, Plant Health Care/Lawn Care Manager, SavATree Troy, will explain tree physiology and biology as it relates to tree injections. You will discover how trees work to move the products you inject, why timing is critical, and how they react to the injection process.

This lecture will be followed by Tree Injection Equipment Demos and Discussion. Join us for an overview of the various tree injection equipment and related implementation, simulated by the leading suppliers of tree injection equipment.

**Location:** Raintree Park, 3775 John R Rd, Troy, MI 48083  
**Registration:** 11:30 a.m. - 12:00 p.m.    **Class:** 12:00 p.m. - 4:00 p.m.
